# INTRODUCTION TO THE PUBLIC ACCOUNTS OF MANITOBA

The Public Accounts of the Province of Manitoba are prepared by statutory requirement, in accordance with the Financial Administration Act, which is Chapter F55 of the Continuing Consolidation of the Statutes of Manitoba. The Public Accounts for the fiscal year ended March 31, 1992 consists of three volumes:

**VOLUME 1** contains the Financial Statements of the Consolidated Fund of the Province and schedules of supporting information.

**VOLUME 2** is a supplementary volume which contains further details of the expenditures by standard expenditure object codes. It also provides details of the salaries and wages paid to employees as well as payments to corporations, firms, individuals, other Governments and Government Agencies.

**VOLUME 3** contains the Summary Financial Statements of the Province. These statements reflect the consolidation of the financial operations of all organizations integral to the overall operations of Government in performing its executive function.

## CONTENTS OF VOLUME 1 - FINANCIAL STATEMENTS OF THE CONSOLIDATED FUND

### Section 1 - Operating Fund Financial Statements

This section provides a summary of the government's operational activities and financial position for the fiscal year ended March 31, 1992.

### Section 2 - Trust Fund Financial Statements

This section provides a summary of the Trust Fund activities in the various categories of trust money administered by the Province.

### Section 3 - Details of Operating Fund Assets and Liabilities

This section provides more detailed information with regard to items reported in the Statement of Financial Position.

### Section 4 - Borrowings, Guaranteed and Indirect Liabilities, Financial Commitments and Contingent Liabilities

This section provides more detailed information on the Operating Fund direct and guaranteed debt obligations at the fiscal year-end and the sinking funds that are maintained for repayment of these obligations.

### Section 5 - Detailed Revenue and Expenditure Statements

This section provides more detailed information regarding the Operating Fund revenue and expenditure of the fiscal year. This section also provides information that is disclosed in accordance with statutory requirements.

### Section 6 - Other Funds

This section includes the financial statements of various special purpose fund accounts. Some of these accounts are disclosed in accordance with statutory requirements. Others are presented for information only.

# GOVERNMENT OF THE PROVINCE OF MANITOBA

## STATEMENT OF RESPONSIBILITY

Responsibility for the integrity and objectivity of the Operating Fund and Trust Fund financial statements rests with the Government. They are prepared under the direction of the Minister of Finance in accordance with the stated accounting policies of the Government and include a statement of financial position, a statement of excess of liabilities over financial assets, a statement of revenue and expenditure, a statement of changes in financial position, schedules and notes integral to the statements. Together, they present fairly, in all material respects the financial condition of the Consolidated Fund at the fiscal period-end and results of operations for the year then ended.

More detailed information regarding the Government's financial position and operating results can be found in other sections of this Volume and in Volume 2 of the Public Accounts. In addition, explanatory comments with respect to variances from planned revenue and expenditure, as well as increases from the prior year, are provided in each Government department's annual report.

# AUDITOR'S REPORT

**To the Legislative Assembly of Manitoba**

**The Consolidated Fund financial statements report transactions of the Operating Fund and the Trust Fund only. While the Operating Fund reflects a portion of the financial activities of the Government, certain transactions within the Trust Fund do not represent Government activities and significant other financial activities of the Government occur outside both of these funds. Therefore, readers should not use the Consolidated Fund financial statements to understand and assess the Government's management of public financial affairs and resources as a whole.**

**Volume III of the Public Accounts includes the summary financial statements of the Government of the Province of Manitoba. Their purpose is to report fully the nature and extent of the financial affairs and resources for which the Government is responsible. Please refer to those summary financial statements to understand and assess the Government's management of public financial affairs and resources as a whole.**

Under the authority of section 14 of The Provincial Auditor's Act, we have audited the Operating Fund statements of financial position and excess of liabilities over financial assets of the Consolidated Fund of the Government of the Province of Manitoba as at March 31, 1992 and the Operating Fund statements of revenue and expenditure, changes in financial position, and those Operating statements provided under statutory requirement for the year then ended. We have also audited the Trust Fund statements of assets and liabilities, cash and investments and balances of the Consolidated Fund of the Government of the Province of Manitoba as at March 31, 1992. These financial statements are the responsibility of the Government of the Province of Manitoba and have been prepared in accordance with the accounting policies stated in Note 1 to the Operating Fund financial statements and Note 1 to the Trust Fund financial statements. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards. Those standards require that we plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

## Reservation

In accordance with the accounting policy stated in note 1B2d to the Operating Fund financial statements, the Government does not record its pension liabilities and costs associated with the annual increase in the pension liabilities for pension entitlements earned by its employees, contributors to the Teachers' Retirement Allowances Fund and Members of the Legislative Assembly in its financial statements. Similarly, in accordance with note 1B2c, no liability or expenditure is recorded for salary related benefits. These accounting policies are consistent with those of prior years, however they do not result in fair presentation.

Note 13 to the Operating Fund financial statements advises that the unfunded actuarial pension liabilities are estimated to be $1.45 billion as at March 31, 1992. Salary related benefits for unrecorded vacation pay liabilities approximate $50 million as at March 31, 1992. Had the Government recorded the unfunded pension liabilities, liabilities for vacation pay and the costs associated with the annual increase in the pension and vacation pay liabilities in its Operating Fund financial statements, expenditure and the annual deficit would be increased by an estimated $142 million for the year ended March 31, 1992. Also, the Operating Fund's liabilities and accumulated deficit would be increased by an estimated $1.5 billion as at March 31, 1992.

In our opinion, except for the effects of the failure to record pensions and salary related benefits for vacation pay as described in the preceding paragraphs, these financial statements present fairly, in all material respects, the financial positions of the Operating Fund and the Trust Fund of the Government of the Province of Manitoba as at March 31, 1992 and the results of its operations and the changes in its financial positions for the year then ended in accordance with the accounting policies stated in Note 1 to the Operating Fund and Note 1 to the Trust Fund financial statements of the Consolidated Fund.

As required by section 14 of the Provincial Auditor's Act, we report that, in our opinion, the stated accounting policies have been applied, except for the change in recognizing certain liabilities on an accrual basis as explained in Note 18 to the Operating Fund financial statements, on a basis consistent with that of the preceding year.

# GOVERNMENT OF THE PROVINCE OF MANITOBA
# NOTES TO THE FINANCIAL STATEMENTS
# FOR THE YEAR ENDED MARCH 31, 1992

## 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The basic accounting policies followed by the Government of the Province of Manitoba, which have been applied in all material respects in the preparation of the Operating Fund Financial Statements are summarized below. These policies have been developed and are applied in accord with the provisions of the Financial Administration Act, which is Chapter F55 of The Continuing Consolidation of The Statutes of Manitoba.

### A. THE REPORTING ENTITY

The financial transactions of the Government are recorded in the "Consolidated Fund". The activities of the Consolidated Fund are divided into the "Operating Fund", which records the operational activities of the Government, and the "Trust Fund", which records the trust administration function.

Financial statements prepared for the "Operating Fund" report amounts recorded as Government revenue, expenditure on Government programs, the lending and investment of Government funds and the borrowing and repayment of debt. Separate financial statements are prepared for the "Trust Fund" which report the activities in the various categories of trust money administered by the Government.

The financial operations of provincial Crown corporations, agencies, boards and commissions are not consolidated in these financial statements and are reflected in the Operating Fund financial statements only to the extent that:

1. they receive money from or pay money to the Government, or

2. any non-recoverable deficits they incur are adjusted against the amounts loaned, advanced or invested in them by the Government, or

3. where the Government has no loans, advances or investments involved, any losses they incur, which are assumed by the Government, are recorded as accrued charges.

### B. BASIS OF ACCOUNTING FOR REVENUE AND EXPENDITURE

#### 1. GROSS ACCOUNTING CONCEPT

Revenues and expenditures are recorded in gross amounts with the following exceptions:

a) The municipal share of Individual and Corporation Income Taxes, which is paid to Municipalities in accordance with the Provincial-Municipal Tax Sharing Act, is not recorded as revenue or expenditure by the Government.
b) Refunds of revenue are treated as reductions of current year revenue.
c) Decreases in valuation allowances previously provided are treated as reductions to expenditure.
d) Recoveries from Crown corporations and government agencies of the debt servicing costs on self-supporting debt are recorded as a reduction of Public Debt expenditure. The same treatment is also given to income earned on investments and advances.
e) Transfers to and from the Fiscal Stabilization Fund, under the provisions of the Fiscal Stabilization Fund Act, are applied directly against revenue.

#### 2. MODIFIED ACCRUAL ACCOUNTING

The revenues and expenditures of the Government are recorded on an accrual basis with exceptions noted as follows:

a) INCOME TAXES - Income taxes are recorded on a cash basis to the extent that receipts are not accrued to the year to which the taxation relates. However, adjustments are made to cash receipts where it is determined that the Government of Canada over or under remitted.

b) FEES AND OTHER REVENUE - Collections are recorded on a cash basis except for:
   i) amounts received in April from Agents for provincially collected taxes pertaining to the year just ended which are recorded as revenue receivable; and
   ii) amounts due to the Government resulting from the divestiture of Crown organizations.

c) SALARIES AND WAGES - Salaries and wages are recorded as expenditures in the year in which they are paid. No liability or expenditure is recorded for salaries earned but not paid at year end, or for salary related benefits such as vacation earnings.

d) PENSION - The annual cost recorded by the Government is its share of pensions paid to retired employees, teachers and Members of the Legislative Assembly.

The Government does not record its liability for the annual cost of pension benefits earned by employees, teachers and Members of the Legislative Assembly.

e) GOODS AND SERVICES - A period of forty-five days after the end of the fiscal year is allowed for the payment of operating expenditures incurred during that fiscal year. Payments in this period are reflected as accounts payable for the fiscal year just ended. Supplier accounts not paid within this period are treated as expenditures of the following year.

However, recording of expenditures is allowed after the forty-five day period if required to show the accurate financial condition of the Government, pursuant to authority provided under Section 8 of the Financial Administration Act. In this regard, any entries made after June 30 must be disclosed in the Public Accounts.

f) CAPITAL ASSETS AND INVENTORIES - Expenditures for the acquisition and/or construction of fixed assets and the acquisition of inventories are not considered to differ from any other service to the public and accordingly are treated as expenditures on the same basis as Goods and Services.

## C. BASIS OF ACCOUNTING FOR ASSETS AND LIABILITIES

1. The financial assets are those on hand at the end of an accounting period which could provide resources to discharge existing liabilities or finance future operations. Receivables only include those recorded in the determination of revenue as defined in note 1 B 2.

   Liabilities are claims by other parties on the Government, with the exception of deferred revenue, provisions and unamortized foreign currency fluctuation balances.

   Deferred revenue consists of money received from taxation and shared cost agreements which relate to future years, as well as unamortized fees from debt transactions to be amortized over the remaining life of the debt.

   Provisions are made for the estimated cost of future losses where there is both reasonable certainty that the loss will occur as well as a basis of estimating the loss.

   Notes 1 C 4 and 1 C 5 describe the policies in relation to amortization of foreign currency fluctuation.

2. Capital assets and inventories do not represent financial assets. Therefore they are not reported as assets at fiscal year-end.

3. Loans, advances and long-term investments held by the Government are subject to annual valuation.

   The principal repayments and/or interest charges for some of the advances are dependent on total or partial funding from future appropriations of the Consolidated Fund. The major agencies to which this applies are the Manitoba Housing and Renewal Corporation, for most of the principal and interest funding, and The

Manitoba Agricultural Credit Corporation, for partial interest funding.

A valuation allowance is provided to reflect decreases in the value of loans, advances and long-term investments and is adjusted annually for changes that have occurred in the estimated realizable value of these assets. Increases in the valuation allowance are recorded as expenditures, and conversely decreases in the valuation allowance are treated as a reduction of expenditures.

Loans, advances or long-term investments may be written-down in the accounts of the Government, pursuant to authority provided under the Financial Administration Act. The write-down is applied to the valuation allowance, whether it occurs in the year the valuation allowance is provided or in a subsequent year. Where an investment has been partially written-down to reflect a permanent decline in its realizable value, it is carried at its decreased value. Otherwise, it is recorded at cost.

4. Investments included in Cash and Equivalents and the Province of Manitoba Sinking Fund are recorded at cost adjusted for amortization of investment premium or discount. Any premium or discount incurred at the time of purchase is amortized annually to public debt expense over the life of the investment. The investments included in the Sinking Funds held to retire the debt of the Manitoba Hydro-Electric Board, the Manitoba Telephone System, the Manitoba Housing and Renewal Corporation and the University of Manitoba are shown at cost and do not reflect any amortization of investment premium or discount.

   Investments denominated in foreign currency are translated to the Canadian dollar equivalent at the exchange rate in effect at March 31, unless the rate of exchange or a forward exchange contract fixing the value has been negotiated, in which case that rate or amount is used.

   Expenses and other transaction charges incurred on the purchase of investments during the year are charged to public debt expense. Those expenses incurred in foreign currency are translated at the exchange rate in effect on the transaction date.

   The year end investment translation adjustments reflecting the foreign exchange fluctuation are amortized annually to public debt expense over the life of the investment.

5. Borrowings, comprised of bonds, debentures and other long-term debt issued and payable in Canadian currency, are recorded at the par value of the issue. With the exception of debt issued for the purpose of financing Manitoba Hydro, discounts or premiums, as well as commissions incurred at the time of the issue of the debt, are amortized annually to public debt expense over the life of the debt. The unamortized portion is deducted from the par value of the debt.

   Fees received at the time of arranging debt transactions, in respect of options or warrants, are reflected as deferred revenue and amortized annually as a credit to public debt expense over the life of the debt. The unamortized portion is included in deferred revenue.

   Expenses and other transaction charges, such as legal fees, printing and registration, incurred during the year on the issue of debt are charged to public debt expense. Those expenses incurred in foreign currency are translated at the exchange rate in effect on the transaction date.

   Borrowings issued and payable in foreign currencies are recorded at the Canadian dollar equivalent of the par value based on the exchange rate in effect at March 31, unless the rate of exchange or a fixed amount has been negotiated through a currency exchange agreement or other arrangement, in which case that rate or amount is used.

   The year end translation adjustments reflecting the foreign exchange fluctuation from the value at the issue date are recorded through the Unamortized Foreign Currency Fluctuation account, and amortized annually to public debt expense over the life of the debt issue.

Where an issue of debt in a foreign currency is called for redemption prior to maturity and refinanced with another issue of debt, the Canadian dollar equivalent cost of the original debt is translated at the exchange rate in effect at the date of redemption. The resulting unrecognized foreign currency fluctuation is recorded through the Unamortized Foreign Currency Fluctuation account and is amortized to public debt expense over the term of the first replacement issue or the remaining term of the original issue, whichever is less. However, if the remaining term of the original issue is one year or less, the fluctuation is fully expensed in the year of redemption.

On maturity, any unrecognized foreign exchange gain/loss, being the difference between the recorded par value in Canadian currency and the required payment, is reflected in public debt expense.

Proceeds of debt which are raised for the purpose of retiring a specific debt issue at a later date and which are invested for a short term are valued in accordance with the accounting policy on Borrowings. Holdings of unmatured provincial debt issues purchased on the market for cancellation are valued in accordance with the policy on investments. Both these investment categories are reflected as reductions to Borrowings.

Sinking funds are maintained in accordance with legal requirements of the debt instruments and the Financial Administration Act, and are reflected as a reduction of Borrowings.

D. **GUARANTEED AND INDIRECT LIABILITIES**

In addition to having direct debt, the Government acts as a guarantor of securities issued by various other entities. The debt issued by Crown corporations, agencies, boards and commissions and guaranteed by the Government is largely self-supporting. Other debt for schools and hospitals, while not guaranteed by the Government, is serviced in whole or in part from appropriations of the Consolidated Fund.

Legislation requires the maintenance of sinking funds for the retirement of the debt of most Crown corporations, agencies, boards and commissions. These sinking funds are held in Trust by the Minister of Finance. The Crown corporation, agency, board or commission to whom the debt applies, make annual contributions to the sinking fund.

Contingent liabilities that result from other financial activities of the Government are reported in the notes to the financial statements.

2. **VALUATION ALLOWANCE**

The valuation allowance is determined as follows:

A. CROWN CORPORATIONS, AGENCIES, BOARDS AND COMMISSIONS - LOANS, ADVANCES AND LONG-TERM INVESTMENTS

1. OPERATING DEFICITS

The valuation allowance is based on the financial results applicable to the most recent fiscal year completed prior to April 1. Where an assessment of the accumulated deficit indicates a prospect for recovery from future operations, the amount of the valuation allowance is adjusted accordingly.

2. NON-RECOVERY OF CAPITAL INVESTMENT

A valuation allowance may be provided where there is reasonable evidence that the Province's investment will not be realized.

3. MANITOBA PROPERTIES INC.

Beginning in 1988-89 but not retroactive, the annual valuation allowances in relation to advances to Manitoba Properties Inc. include provision for advances made in relation to capital expenditure as well as operating deficits.

If the Government has more than one type of investment in an organization (eg. common shares, preferred shares and debentures), the valuation allowance is assigned against the investments in order of priority on liquidation.

B. OTHER LONG-TERM INVESTMENTS
The valuation allowance is used to record losses, that are other than temporary declines, in the value of the Government's investments in other than Crown corporations, agencies, boards and commissions. The valuation allowance is based on an annual valuation of the investment.

C. OTHER LOANS AND ADVANCES
The valuation allowance is used to provide for the estimated amounts not recoverable under a Government loan or support program. The valuation allowance for doubtful accounts that has been established for that loan or support program is recorded by means of a valuation allowance placed against the loan or advance used to fund the program. Increases to the valuation allowance are recorded as an expenditure regardless of the timing of the write-off of the uncollectible accounts, such write-off being applied directly to the valuation allowance.

The March 31, 1992 valuation allowance balance of $79 million (1991-$73 million) is after having given effect to the write-down of some loans, advances and long-term investments where it has been determined that the realizable value has been permanently impaired:

## 3. PROVISION FOR FOREIGN CURRENCY FLUCTUATION ON MANITOBA HYDRO DEBT

The Province issues provincial securities to raise funds for Manitoba Hydro. In addition, the Province guarantees debt which Manitoba Hydro issues in its own name. Until March 31, 1987, pursuant to the Energy Rate Stabilization Act, the Province was responsible for the currency fluctuation on all foreign debt issued for Manitoba Hydro purposes.

The Energy Rate Stabilization Act was amended effective April 1, 1987 making Manitoba Hydro responsible for the fluctuation on all of its foreign currency debt issued on or after that date. Manitoba Hydro was also made responsible for the fluctuation on its U.S. dollar denominated debt issued prior to April 1, 1987, except to the extent already provided by the Province to March 31, 1987.

Effective April 1, 1989 the Act was further amended to transfer responsibility to Manitoba Hydro for the remaining foreign currency risk associated with the debt issued prior to April 1, 1987. At March 31, 1989, using the foreign exchange rates in effect on that date, the Province adjusted its provision account to cover the total fluctuation in the value of this foreign debt.

In May, 1990 the Province and Manitoba Hydro entered into an agreement which provides that the settlement amount in respect of each United States dollar denomination debt issue governed by The Energy Rate Stabilization Act be calculated using a currency exchange rate of $1.21. The Province's liability in relation to foreign exchange fluctuations on these debt issues, as a result of the agreement, is fixed at $183 million at March 31, 1991.

Effective January 2, 1992, the Province and Manitoba Hydro entered into an agreement which provides for the present value settlement of the Province's liability to Manitoba Hydro under the Energy Rate Stabilization Act in respect to debt denominated United Statement dollars. The agreement fixed such present value at $98 million which was paid to Manitoba Hydro as of January 2, 1992. The provision account balance at March 31, 1992 in the amount of $1 million is in respect to a Swiss France denominated Bond issue maturing on May 18, 1992, and was paid to Manitoba Hydro on May 18, 1992. The balance of $84 million, remaining in the Province's account after settlement of the amounts previously referred to, was transferred as an extraordinary revenue item in the Operating Fund.

## 4. BORROWINGS

All borrowings are expressed in Canadian dollars and are shown net of sinking funds, unamortized debt issue costs and debt of the Province of Manitoba held as provincial investments. Foreign borrowings are converted at the exchange rate in effect at March 31 adjusted for any foreign currency contract entered into for settlement after the fiscal year-end.

The weighted average rate of interest based on actual interest payments made during 1991-92 was 9.69% (1990-91 10.21%).

Money is allocated annually to the Province of Manitoba sinking funds on the following basis:

A. a sum equal to 3% of the aggregate amount of debt related to general government programs, in Canadian Dollars converted at the date of issue, outstanding at the end of the preceding fiscal year; and
B. all earnings derived from investing the sinking fund.

The Manitoba Hydro-Electric Board and the Manitoba Telephone System make annual contributions to their respective sinking funds for the orderly retirement of their debt based on 1% of debt and Provincial advances outstanding at the preceding fiscal year end plus 4% of the sinking fund balance.

In addition, all principal repayments of advances by other agencies are allocated to the sinking fund and will be utilized to retire other agencies' debt as such debt matures.

## 5. UNAMORTIZED FOREIGN CURRENCY FLUCTUATION

This balance represents the unamortized portion of unrealized foreign currency gains or losses on the conversion of the assets and liabilities of the Government to Canadian dollars at March 31. It also includes the unamortized portion of realized foreign currency gains or losses on the conversion of the foreign currency debt called prior to maturity using the rates in effect at the time of the call.

## 6. SERIAL DEBENTURES OF SCHOOL DIVISIONS AND DISTRICTS, TRANSFERRED FROM THE MANITOBA SCHOOL CAPITAL FINANCING AUTHORITY

The School Capital Financing Authority Act was repealed April 1, 1983 at which date all investments and money held by the Authority, as well as debt payable by the Authority, were assumed by the Government. The investments transferred to the Government consist of serial debentures issued by school divisions and districts for which the Government is primarily responsible for repayment. These securities are therefore included in this category because they do not represent a claim on other parties.

The estimates of expenditure provide an annual appropriation in the Operating Fund to cover the principal and interest costs of these debentures. The cash drawn from this appropriation for the required annual principal repayments is transferred to the Province's sinking fund where it will be used for repayment at maturity of the debt assumed from the Authority. A similar treatment would be accorded any proceeds from the sale of the school debentures.

The principal repayments related to these debentures are as follows:

($ millions)

| due in | 1993 | 1994 | 1995 | 1996 | 1997 | 1998-2003 | Total |
|---|---|---|---|---|---|---|---|
| | 12 | 12 | 12 | 12 | 11 | 31 | 90 |

## 7. SECURITIES RECEIVED FROM SALE OF LAND AND BUILDINGS

During 1984-85 and 1985-86 the Government sold land and buildings with an aggregate value of $917 million to Manitoba Properties Inc. (MPI). The sale was arranged through two intermediary Crown corporations, Manitoba Properties Leasing Inc. and Manitoba Properties Management Inc., and resulted in the Government receiving common shares of these two corporations along with promissory notes of MPI and cash as the purchase consideration.

The recorded value of the common shares has been reduced by a special valuation account which was established from a portion of the sale proceeds and is used to reflect the potential diminution in value of these shares as the result of dividends paid to preferred shareholders of Manitoba Properties Inc. on an annual basis. Manitoba Properties Leasing Inc. and Manitoba Properties Management Inc. each own 50% of the common shares of Manitoba Properties Inc. and the value of their equity in these shares could decrease annually with the payment of dividends by the latter to preferred shareholders.

Interest payable to the Province on the promissory notes is funded from annual rental payments made by the Government to Manitoba Properties Inc. and is therefore dependent on future appropriations of the Operating Fund. These securities are therefore included under this category because they do not represent a claim on other parties.

## 8. TRUST FUND

Included in the Statement of Financial Position is an amount owing to the Trust Fund which primarily represents surplus cash of Crown corporations, agencies, boards and commissions, as well as the Fiscal Stabilization Fund, on deposit with the Minister of Finance for investment but not specifically invested. Such deposits are pooled with other available funds of the Government for investment purposes and are accorded a market rate of interest. The assets and liabilities of the Trust Fund itself as at March 31st are as follows:

| | ($ millions) 1992 | 1991 |
|---|---|---|
| **ASSETS** | | |
| Amount due from Operating Fund | 1,668 | 1,204 |
| Cash and Investments | 795 | 878 |
| Total Trust Assets | **2,463** | **2,082** |
| **LIABILITIES** | | |
| Trust Fund Balances | 2,463 | 2,082 |
| Total Trust Liabilities | **2,463** | **2,082** |

In addition, the Trust Fund includes cash and securities for which the Government's responsibility is custodial in nature. The amount reported at March 31, 1992 was $778 million (1991-$738 million).

## 9. GUARANTEED AND INDIRECT LIABILITIES

Debt issued by Crown corporations, agencies, boards and commissions which is guaranteed by the Government at March 31st:

| | ($ millions) 1992 | 1991 |
|---|---|---|
| Provincial utilities, cities and towns | 1,295 | 1,749 |
| Debt of Crown corporations whose main source of income is the Operating Fund | 364 | 364 |
| Debt serviced in whole or in part from the Operating Fund | 5 | 10 |
| | **1,664** | **2,123** |
| Less: Applicable sinking funds | 179 | 304 |
| | **1,485** | **1,819** |

A portion of the foreign currency fluctuation on the guaranteed debt included above has been provided for in the Provision for Foreign Currency Fluctuation on Manitoba Hydro Debt.

## 10. OTHER ACCRUED LIABILITIES

The Government has accrued a liability at March 31st for losses or program expenditures in order to recognize the Province's responsibility to fund these amounts when they become payable:

| | ($ millions) 1992 | 1991 |
|---|---|---|
| Communities Economic Development Fund | 1 | 1 |
| Criminal Injuries Compensation Board - Unfunded future costs of compensation awards | 24 | 21 |
| Gross Revenue Insurance Plan (G.R.I.P.) | 5 | - |
| Land Acquisition Claims | 2 | 2 |
| Manfor Ltd. Divestiture | 11 | 10 |
| Manitoba Crop Insurance Corporation | 4 | 1 |
| Manitoba Lotteries Holdbacks | 1 | 2 |
| Manitoba Milk Producers Marketing Board | 1 | 1 |
| Manitoba Public Insurance Corporation - Reinsurance assumed losses | - | 32 |
| Motive Fuel Tax | 2 | - |
| Northern Flood Claims Settlements | 14 | - |
| Other | 1 | 2 |
| | **66** | **72** |

The Province of Manitoba is party to the G.R.I.P. agreement dated September 17, 1991 with the Government of Canada. This agreement will terminate March 31, 1996 unless terminated earlier in accordance with terms of the agreement. Manitoba Crop Insurance Corporation administers G.R.I.P. for the Province. At March 31, 1992 there was a shortfall of $108 million in G.R.I.P. The Governments of Manitoba and Canada are responsible for providing advances to fund shortfalls on a 35:65 basis. Accordingly, the Consolidated Fund is responsible for $38 million of the March 31, 1992 shortfall. The Province has provided for $5 million of this shortfall in its accounts as at March 31, 1992. Repayment of advances will depend on future premiums exceeding future claims.

## 11. FINANCIAL COMMITMENTS

The Government has approved long-term financial arrangements of various entities wherein indebtedness has been issued that is not guaranteed by the Government, but the funds required for the payment of principal and interest will be either fully or partially provided from appropriations of the Operating Fund. The Government has also made future commitments against appropriations under long-term contracts that cover the acquisition and/or rental of physical assets. These financial commitments as at March 31st are as follows:

| | ($ millions) 1992 | 1991 |
|---|---|---|
| LONG-TERM FINANCIAL ARRANGEMENTS: | | |
| Hospitals and Personal Care Homes | 528 | 487 |
| Public Schools | 317 | 306 |
| Manitoba Housing and Renewal Corporation | 227 | 228 |
| Repap Pulp and Paper Inc. (Divestiture of Manfor Ltd.) | 150 | 150 |
| Brandon University | 2 | 2 |
| Manitoba Water Services Board | 2 | 2 |
| | 1,226 | 1,175 |
| FUTURE COMMITMENTS: | | |
| Acquisition of physical assets | 184 | 186 |
| Rental of physical assets | 82 | 58 |
| | 1,492 | 1,419 |

In addition to the approved outstanding debt for Hospitals and Personal Care Homes, lines of credit up to $172.5 million (1991-$168.5 million) have been approved to finance capital projects currently in process. On completion of these projects, the borrowings will be converted to long-term debt.

## 12. CONTINGENCIES

The Government has provided guarantees for the following and accordingly has a contingent liability in the event of default:

| | Maximum Guarantee ($ millions) | Amount Outstanding 1992 ($ millions) | 1991 |
|---|---|---|---|
| Mortgages | 1 | 1 | $ 1 |
| Promissory notes | 180 | 7 | 16 |
| Bank loans and lines of credit | 31 | 20 | 22 |
| | 212 | 28 | 39 |

This does not include guarantees that may be provided by Crown corporations, agencies, boards and commissions under their own separate authority.

The Government has provided a guarantee to the purchaser of Flyer Industries Ltd. covering all of the obligations of Manitoba Development Corporation arising out of the sale of Flyer Industries Ltd. including $53 million of performance bonds on contracts for the supply of buses to various transit organizations.

The Government is party to an agreement with the Hudson Bay Mining and Smelting Company (HBMS) in relation to the Ruttan Mine whereby, upon closure, it is committed to paying environmental clean-up costs, certain Hydro charges and the Municipal Tax Liability in excess of the limit set as HBMS's share. The extent of this potential liability is not quantifiable at this time.

The Government has been named in approximately 400 legal actions, outstanding at March 31, 1992, which may result in future liabilities. As well, there are approximately 100 other claims outstanding in respect of damages to persons and property and like items. There are two claims in particular which are of potential significance:

**Northern Flood Agreement**

The Province of Manitoba is party to an agreement dated December 16, 1977 with the Government of Canada, Manitoba Hydro and the Northern Flood Committee Inc., which includes compensation and mitigation for the impact of the Churchill River Diversion and Lake Winnipeg Regulation project. Seventy-three claims in which the Province is named as a respondent have been filed with the Arbitrator. Forty have been satisfied or have interim settlements and thirty-three have yet to be determined at March 31, 1992. The Province's contingent liability is estimated to be in excess of $25.0 million.

**Canadian National Railways (CNR)**
The CNR has requested a declaration that the Retail Sales Tax Act does not apply to railway stock and repair costs, or in the alternative, if it does, that the legislation is ultra vires. CNR is requesting a refund of Sales Tax it has paid in relation to the goods and services in question.

No provision has been made at March 31, 1992 in the accounts of the Province as the outcome of these actions and claims is uncertain.

## 13. PENSION LIABILITY

The Government is required by legislation to pay 50% of the pension disbursements made to retired Provincial employees (with the exception of the share payable by Government agencies for their employees) and to retired contributors to the Teachers' Retirement Allowances Fund. Such payments are charged to departmental appropriations as incurred and no provision is made to fund current or past service obligations of the Government to the Civil Service Superannuation Fund or to the Teachers' Retirement Allowances Fund. The reserves which are presently held in these Funds represent only the employees' obligation towards the total pension liability.

An actuarial valuation and report of the Government's liability to each of the Civil Service Superannuation Fund and the Teachers' Retirement Allowances Fund was determined as at December 31, 1989. The reports also provided a formula to update the liability on an annual basis.

In accordance with the formula adopted by the actuary, the Government's actuarial liability at March 31 in relation to these Funds is as follows:

| | ($ millions) | |
|---|---|---|
| | **1992** | **1991** |
| Civil Service Superannuation Fund | 533 | 481 |
| Teachers' Retirement Allowances Fund | 779 | 698 |

These figures do not make any provision for future indexation. However, both Funds provide for annual indexing on the condition that the adjustment does not create an actuarial unfunded liability. At December 31, 1991 the Civil Service Superannuation Fund has a reserve of $52 million (1990 - $49 million) and the Teachers' Retirement Allowances Fund has a reserve of $62 million (1990 - $56 million) for future indexation. Therefore the Government's liability for these two pension plans would be increased by these amounts.

In addition, the Government is required to pay all of the pension disbursements made to retired Members of the Legislative Assembly (MLA's) in accordance with the Legislative Assembly Act. Members' contributions, as deducted from their remuneration, are treated as revenue of the Government. An actuarial valuation at December 31, 1991 determined the Government's liability to be $24 million. This pension is fully indexed to cost of living increases. The report did not include a formula to update the liability annually.

## 14. FISCAL STABILIZATION FUND

The Fiscal Stabilization Fund was established effective March 31, 1989 under authority of the Fiscal Stabilization Fund Act. The purpose of the fund is to assist in stabilizing the fiscal position of the Government from year to year and to improve long-term planning. Under authority of the Act, the Minister of Finance, with the approval of the Lieutenant Governor in Council may deposit in the Fund any part of the revenue or other financial assets received in the Consolidated Fund in any fiscal year, and may transfer any part of the Fund balance to revenue of the Consolidated Fund.

If the Fiscal Stabilization Fund was consolidated in the financial statements of the Government, the net result for the Operating Fund would have been a deficit of $286 million (1991-$328 million).

## 15. LEGISLATIVE AUTHORITY FOR BORROWING AND EXPENDITURE

Order-in-Council 1138/82 authorizes the Minister of Finance to borrow money by the sale of promissory notes or by bank line of credit up to an aggregate amount not exceeding $350 million at any one time.

Limits established by legislation for borrowing funds and for expenditure from appropriations are shown below along with information regarding any non-compliance with these limits that may have occurred during the fiscal year.

| A) BORROWING | Appropriation Acts ($ millions) | Loan Acts ($ millions) |
|---|---|---|
| Incremental Non-Lapsing Authority Provided in 1991 Acts | 800 | 800 |
| Amount Used During the Fiscal Year Ended March 31, 1992 | - | 14 |
| Available for Future Years | **800** | **786** |
| Unused Borrowing Authority From Prior Years | 416 | 150 |

B) **EXPENDITURE** (Appropriation Acts)

1) **CHANGES FROM ORIGINAL BUDGET ESTIMATE**

The budget estimate shown on the Statement of Revenue and Expenditure consists of the original estimates as contained in the budget address delivered by the Minister of Finance on April 16, 1991.

The 1991-92 expenditure estimate of $5,241 million included an estimated saving of $60 million expected from lapsing expenditure authority in various appropriations. Because the specific appropriations were not identifiable, gross appropriation expenditure authority totalling $5,301 was voted and authorized in the Main Estimates. The amount was increased during the fiscal year as follows:

| | ($ millions) |
|---|---|
| Main Estimates (including general statutory appropriations) | 5,301 |
| Increased by Special Warrants | 76 |
| Adjustment of estimated amount of statutory appropriations to actual expenditure | (66) |
| Total authorized expenditure | **5,311** |

2) **NON-COMPLIANCE WITH APPROPRIATION LIMITS**

i) The following voted appropriations of the Government were placed in a net overexpended position as a result of adjustments made to reflect accounting policies on valuation allowance and Crown corporation deficits:

| | |
|---|---|
| Natural Resources XII-8 - Fisheries | 1,176,425 |
| Environment XXXI-2 - Environmental Management | 1,088,296 |

ii) The following voted appropriation of the Government was placed in a net overexpended position as a result of decisions to accrue liabilities which had not been quantified until after March 31, 1992:

| | |
|---|---|
| Northern Affairs XIX-3<br>Agreements Management and Co-ordination | 5,470,034 |
| Allowance for Losses and Expenditures incurred by Crown Corporations and Other Provincial Entities XXXV-1<br>Allowance for Losses and Expenditures | 2,189,491 |

iii) In addition, 6 other appropriations of the Government had late accounts paid in the 1992-93 fiscal year which were in excess of the balance remaining in the appropriations by $2.3 million at March 31, 1992. These late accounts paid subsequent to 45 days after year end are excluded from March 31, 1992 liabilities by the existing accounting policy. These late accounts result in non-compliance with appropriation limits established for the respective programs.

C) **EXPENDITURE** (Loan Acts)

The Loan Act, 1991, provided non-budgetary expenditure authority for the purposes designated in Schedule A and Schedule B of the Act. Schedule A provided $855 million of new expenditure authority while Schedule B indicated $1,396 million of unused expenditure authority from prior Loan Acts. The Act also provided for the lapsing of $2 million of previously voted expenditure authority which is no longer required.

Details of The Loan Act, 1991 expenditure authority is as follows:

| | ($ millions) |
|---|---|
| Incremental Authority (Schedule A) | 855 |
| Unused Authority from Prior Loan Acts (Schedule B) | 1,396 |

| Unused Loan Act Expenditure Authority at March 31, 1992 | **1,423** |

As at March 31, 1992, unused Loan Act Expenditure Authority was encumbered by **29**

## 16. COMPARISON TO BUDGET ESTIMATE

For purposes of providing a meaningful comparison of changes in the financial position with the budget estimate, in addition to the budget data, other internally developed management information has also been included in the budget estimate information.

## 17. EXPENDITURES RELATED TO CAPITAL

The Government has substantial holdings of physical assets such as buildings, highways and education and health facilities, which will be used to provide services in future periods and may tend to appreciate in value over time. However, these do not represent claims on others and are therefore not reported as assets, but rather as expenditures. Such expenditures are classified as "Expenditures Related to Capital" in the Main Estimates of Expenditure. This classification is defined as follows:

A. expenditures for property of all kinds, both real property and chattels, purchased or self-constructed for use by Government that are deemed to have an economic life in excess of one year;

B. expenditures for projects or activities which entail major renewals, modification or modernization by own labour forces or by contractors on behalf of the Government and which significantly prolong the expected economic life of the asset;

C. the principal portion of a debt repayment when the debt was incurred to acquire a physical asset and the acquisition cost of the physical asset was not previously reflected in the Consolidated Fund as an expenditure;

D. grants or assistance payments to municipalities, school divisions, external agencies, commercial organizations and private individuals which are known to be for the purchase, construction or improvement of physical assets.

## 18. CHANGES IN ACCOUNTING POLICY

It is the Government's practice to prospectively reflect the effects of changes in accounting policy on prior years in the Excess of Liabilities over Financial Assets. Prior year balances are therefore not restated. The following changes are disclosed in accordance with Section 10 of the Financial Administration Act.

A. Manitoba Tax Credit Programs

Prior to 1991-92, tax credits claimed by Manitoba residents on their income tax returns were recognized as expenses on a cash basis. A change was made for the 1991-92 fiscal year where an estimate of this liability is accrued at March 31, 1992. The result of this change is an addition of $153 million to the accumulated deficit, an increase to current year expenditure of $4 million and an increase to recorded liabilities of $157 million.

B. Northern Flood Claims Settlements

Prior to 1991-92, the cost of payments made in relation to settlements signed under the Northern Flood Agreement were recorded on a cash basis. Beginning in 1991-92, the liability reflecting future payments required under signed agreements in settlement of legal disputes are accrued as a liability. The effect of this change at March 31, 1992 is to record an increase to the accumulated deficit of $9 million, an increase to current year expenditure of $5 million and an increase to recorded liabilities of $14 million.

C. Motive Fuel Tax

Prior to 1991-92, motive fuel tax refunds to railways were recorded on a cash basis. Beginning in 1991-92, the estimated liability is recorded at March 31 for refunds due in relation to revenue collected during the fiscal year just ended. The effect of the change is an addition of $1 million to the accumulated deficit, a decrease to current year revenue of $1 million and an increase to recorded liabilities of $2 million.

## 19. ENTRIES MADE SUBSEQUENT TO JUNE 30, 1992

Section 8(2) of the Financial Administration Act requires disclosure of entries made after June 30 respecting transactions of the preceding year. Accordingly, the following are reported:

A. Valuation Allowance

Valuation allowances are calculated as near as possible to Statement preparation time in order to ensure the most accurate provisions.

B. Accrued Liabilities

Entries to reflect the following accrued liabilities were made subsequent to June 30, 1992.

| | ($ millions) |
|---|---|
| Criminal Injuries Compensation Board | 1 |
| Family Services Social Programs | 1 |
| Manfor Divestiture | 3 |
| Northern Flood Claims Settlements | 14 |

C. Transfer From Fiscal Stabilization Fund

Authorization for the transfer of $30 million to the Fiscal Stabilization Fund from General Revenue was provided by Order-in-Council 695/92 approved on August 5, 1992.

D. Expenditure Adjustment

An increase in expenditure of $17 million in the Department of Health in relation to the Manitoba Health Services Commission and a decrease in expenditure of $2 million in the Department of Education in relation to the Universities Grants Commission were recorded subsequent to June 30, 1992.

E. Write-off of Loans, Advances and Long-term Investments

Authorization for write-offs of $6 million, as detailed in note 2, was provided by orders-in-council 856/92 and 661/92.

F. Amounts Receivable and Advances

Entries to record consumer taxes receivable of $82 million and Manitoba Hydro advances of $46 million were made subsequent to June 30, 1992.

## 20. SUBSEQUENT EVENTS

In June 1992, the Government and Manitoba Hydro agreed that, in consideration for Manitoba Hydro assuming obligations totalling approximately $43 million with respect to payments related to Hydro development projects, water power rental charges to Manitoba Hydro will be fixed at current rates until 1996.

In August 1992, the Government entered into an agreement designed to ensure that the Winnipeg Jets Hockey Team would remain in Winnipeg for the foreseeable future. Certain conditions in the agreement create contingent liabilities for the Government. These contingencies are not quantifiable at this time.

# GOVERNMENT OF THE PROVINCE OF MANITOBA
# NOTES TO THE FINANCIAL STATEMENTS
# FOR THE YEAR ENDED MARCH 31, 1992

## 1. TRUST FUND ACCOUNTING POLICIES

A. The Trust Fund financial statements are generally prepared using the cash basis of accounting, except that:

i) a period of forty-five days is allowed after the fiscal year end for the payment of goods or services received during that fiscal year; and

ii) adjustments may be made to Trust Fund accounts, up to statement preparation time, where they are consequential to changes made in the Operating Fund in the same fiscal period, in accordance with the accounting policy of that Fund.

B. The gross accounting concept is not followed.

C. Bonds and other securities held as Custodial Trusts are shown at face or par value. All other Trust Fund investments, including Sinking Fund investments held for Crown corporations, agencies, boards and commissions, are shown at cost. Where an investment is in a foreign currency, it is restated at the rate of exchange in effect on March 31.

## 2. TRUST DIVISIONS

The Trust Fund is divided into two primary divisions:

A. ADMINISTERED TRUSTS

Those trusts where the Government has the responsibility for the administration and for investment of the trusts.

B. CUSTODIAL TRUSTS

Those trusts where the Government's responsibility is custodial in nature and there is little or no administrative responsibility. Generally, the responsibility for investment of Custodial Trusts is that of the depositor.

## 3. ADMINISTERED TRUSTS

Administered Trusts are divided into five categories:

A. SINKING FUNDS

Sinking fund contributions are deposited with the Minister of Finance by Crown corporations, agencies, boards and commissions in respect of their direct debt.

B. FUNDS ON DEPOSIT FOR INVESTMENT

Funds surplus to the immediate cash requirement of Crown corporations, agencies, boards and commissions are deposited for investment with the Minister of Finance. Although certain of these deposits are covered by specific investments in the Trust Fund, the majority of these funds are invested with the Minister of Finance and interest is paid at market rate in accordance with the terms of the investment.

C. BANKING FACILITY ACCOUNTS

These accounts are operated for those Crown corporations, agencies, boards and commissions who bank with the Minister of Finance.

D. OPERATING TRUSTS

Certain trusts are established where legislation or agreements require receipts and related disbursements to be kept separate from Government revenue and expenditure. These "designated trusts" may, in some cases, be used for programs similar to those operated from appropriated funds but are kept separate because a trust requirement has been established. A separate Statement of Receipts, Disbursements and Transfers is prepared for each of these trusts and is published in the OTHER FUNDS section of the Public Accounts.

E. MISCELLANEOUS TRUSTS

These trust accounts result from the sundry deposit of cash and/or securities with the Government.

NOTE: Borrowings issued and payable in foreign currencies are recorded at the Canadian dollar equivalent of the par value based on the exchange rate in effect at March 31, unless the rate of exchange or a fixed amount has been negotiated through a currency exchange agreement or other arrangement, in which case that rate or amount is used. This has resulted in an increase to the March 31, 1992 Bonds and Debentures payable of $121,855,441 (March 31, 1991 - $38,865,504).

NOTE: The School Capital Financing Authority Act was repealed April 1, 1983 at which date all investments and money held by the Authority, as well as debt payable by the Authority, were assumed by the Government. The investments transferred to the Government consisted of serial debentures issued by school divisions and districts for which the Government is primarily responsible for repayment.

The estimates of expenditure provide an annual appropriation in the Operating Fund to cover the principal and interest costs of these debentures. The cash drawn from this appropriation for the required annual principal repayments is transferred to the Province's sinking fund where it will be used for repayment at maturity of the debt assumed from the Authority. A similar treatment would be accorded any proceeds from the sale of the school debentures.

NOTE 1: Sale of Land and Buildings to Manitoba Properties Inc.

During the fiscal years ended March 31, 1985, March 31, 1986 and March 31, 1989, the Province sold land and buildings with an aggregate value of $916,644,539 to two Crown Corporations, Manitoba Properties Leasing Inc., and Manitoba Properties Management Inc.. Under the purchase arrangement, the properties were resold to Manitoba Properties Inc. at the same price. The Province received the following consideration for the above noted sales:

| | | |
|---|---|---:|
| Common shares of Manitoba Properties Leasing Inc | $ | 170,493,391 |
| Common shares of Manitoba Properties Management Inc | | 170,493,391 |
| Promissory Notes of Manitoba Properties Inc | | 181,764,123 |
| Cash | | 393,893,634 |
| Total Proceeds | $ | 916,644,539 |

| | | |
|---|---|---:|
| Allocation of Proceeds | | |
| Special Valuation Account | $ | 340,956,682 |
| Excess of Liabilities Over Financial Assets Account | | 575,631,857 |
| Revenue | | 56,000 |
| | $ | 916,644,539 |

On resale of the assets to Manitoba Properties Inc., the two Crown Corporations received common shares of Manitoba Properties Inc.. The resale agreement stipulated that Manitoba Properties Inc. would record the issue of these shares in its captal account at a value of $20,000 for shares issued to March 31, 1985 and an additional $10,100 for shares issued to March 31, 1986. For the fiscal years ended March 31, 1985 and March 31, 1986 $209,246,896 and $131,709,786 respectively were designated and accounted for as contributed surplus.

The March 31, 1985 balance of $209,246,896 was subsequently transferred by Manitoba Properties Inc. to retained earnings. While Manitoba Properties Inc. continues to record the March 31, 1986 balance of $131,709,786 as contributed surplus, it is designated to be transferred to retained earnings as required. Both amounts are available for the payment of annual dividends to preferred shareholders of Manitoba Properties Inc.. Payment of dividends has the effect of reducing the value of Manitoba Properties Inc. shares owned by Manitoba Properties Leasing Inc. and Manitoba Properties Management Inc. and would have a collateral effect on the shares in these two corporations owned by the Province. As a result the Province has allocated a portion of the sale proceeds equal to the contributed surplus to a special valuation account.

This account is used to reflect the diminution in value of the common shares of Manitoba Properties Leasing Inc. and Manitoba Properties Management Inc., as a result of dividends paid to the preferred shareholders of Manitoba Properties Inc.. As of March 31, 1992 the value shown for the common shares of each of these two Crown Corporations has been reduced by $128,634,050 and the valuation account by $257,268,099 to reflect dividend payments as follows:

| | |
|---|---|
| Dividends paid by Manitoba Properties Inc. during its fiscal years ended January 31, 1985 to January 31, 1991 | $ 223,614,016 |
| Dividends paid by Manitoba Properties Inc. during its fiscal year ended January 31, 1992 | 33,654,083 |
| | $ 257,268,099 |

NOTE 2: Repurchase of Land and Buildings by the Province of Manitoba from Manitoba Properties Inc.

During the fiscal years ended March 31, 1987, March 31, 1990, March 31, 1991 and March 31,1992, land and buildings in the amount of $22,000, $3,490,811, $259,667 and $1,000,000 respectively were repurchased by the Province and the Promissory Notes due July 31, 1994 in the amount of $181,764,123 were reduced by $4,772,478 to reflect the repurchase.

NOTE 3: Redemption of Manitoba Properties Inc. Series A Preferred Shares

During the fiscal year ended March 31, 1990, 1,068,208 of Series A preferred shares of Manitoba Properties Inc. were redeemed at the option of registered owners at a price of $25.00 per share for a total amount of $26,705,200. The Province provided the refinancing for this redemption by purchasing additional promissory notes of Manitoba Properties Inc. due June 30, 1994.

NOTE 4: Repurchase of Manitoba Properties Inc. Series A Preferred Shares for Cancellation

In accordance with the terms of the issue of Series A preferred shares of Manitoba Properties Inc., there have been ongoing efforts by the Corporation to reacquire the Series A preferred shares at a price of par value or lower. During the fiscal year ended March 31, 1991, 344,400 of Series A preferred shares were purchased for cancellation at prices ranging from $24.00 to $25.00 per share for a total of $8,545,165 including commissions. The Province provided the financing for these purchases by purchasing additional demand promissory notes of Manitoba Properties Inc..

## FINANCIAL COMMITMENTS

**As at March 31, 1992**

(with comparative figures for March 31, 1991)

| | 1992 | 1991 |
|---|---|---|
| | ($ thousands) | |
| **1. HOSPITALS AND PERSONAL CARE HOMES** | | |
| Hospitals and personal care homes have obtained financing for capital construction by issuing debentures, or arranging for mortgages or bank loans. Although this indebtedness is not guaranteed by the Government, funds required for the payment of principal and interest related to capital debt incurred for the construction and acquisition of facilities for the provision of insured services are included in the expenditure of the Manitoba Health Services Commission. The main source of Commission funds is from the Consolidated Fund of the Province of Manitoba. The amounts at right include $21,640,171 ($21,846,287 as at March 31, 1991) National Housing Act mortgages which are subsidized by the Canada Mortgage and Housing Corporation. $70,436,428 ($61,605,000 as at March 31, 1991) were held in investment accounts managed by the Minister of Finance. | 527,658 | 487,303 |
| In addition to the above outstanding debt, lines of credit up to $172,519,000 ($168,536,000 as at March 31, 1991) have been arranged to finance capital projects currently in process. | | |
| **2. PUBLIC SCHOOLS** | | |
| School Divisions have obtained long term financing for capital construction projects by issuing debentures. Although these debentures are not guaranteed by the Government, funds required for payment of the principal and interest related to the capital debt incurred for the construction and acquisition of facilities approved by the Public Schools Finance Board are mainly provided from the Consolidated Fund of the Province of Manitoba. The Public Schools Finance Board has approved debt issuance of $319,104,455 at March 31, 1992 (1991 - $307,579,203) of which $317,310,783 (1991 - $306,240,909) will be serviced mainly from funding to be provided by the Consolidated Fund. At March 31, 1992 $319,104,438 (1991 - $307,579,000) was held in investment accounts managed by the Minister of Finance. | 317,311 | 306,241 |
| **3. MANITOBA HOUSING AND RENEWAL CORPORATION** | | |
| These are amounts owing on various mortgages and to the Canada Mortgage and Housing Corporation. They are not guaranteed by the Government. Servicing of this indebtedness is partially covered from appropriation payments made in respect of provincial housing subsidies for low income earners. | 226,422 | 227,531 |

| | | |
|---|---|---|
| **4. MANITOBA WATER SERVICES BOARD** | | |
| The amounts owing at right to the Canada Mortgage and Housing Corporation are not guaranteed by the Government but payments are required from appropriations on account of partial servicing of this indebtedness. | 1,559 | 1,758 |
| **5. BRANDON COLLEGE INCORPORATED (Brandon University)** | | |
| The Province has agreed to service two mortgages obtained by Brandon University from Canada Mortgage and Housing Corporation. | 2,522 | 2,561 |
| **6. MANITOBA ARTS COUNCIL** | | |
| The Government has committed that the annual grant to the Manitoba Arts Council will not be less than $15,000 through the 1993/94 fiscal year so that the Manitoba Arts Council can provide the Winnipeg Symphony Orchestra Inc. with funds to enable it to repay the loan amounts at right. | 30 | 45 |
| **7. REPAP PULP AND PAPER INC. (Divestiture of Manfor Ltd.)** | | |
| Pursuant to Order in Council No. 515/89, the Government is committed to provide loan guarantees in future years to the extent of $150 million related to the terms and conditions of the sale of Manfor Ltd. to Repap Pulp and Paper Inc. | 150,000 | 150,000 |
| **8. UNIVERSITY OF WINNIPEG** | | |

**NOTE 1:** The "Estimated Expenditure" shown above consists only of the Main and Supplementary Estimates net of anticipated year end savings of $60,000,000. Because these savings could not be attributed to specific appropriations, gross expenditure authority totalling $ 5,301,452,600 was voted to appropriations. This amount was increased during the year as follows:

| | |
|---|---|
| Main Estimates (including general statutory appropriations) | $ 5,301,452,600 |
| Special Warrants | 75,994,200 |
| Adjustment of estimated amount of statutory appropriations to actual expenditure | (66,881,798) |
| Total Authorized Expenditure | $ 5,310,565,002 |

**NOTE 2:** 1992 expenditure includes $302.6 million of Expenditure Related to Capital items (1991 - $308.3 million).

**NOTE 1:** The future commitment for Government Services does not include any rental payments for the rental of properties from Manitoba Properties Inc. . The four leases involved, dated between August 1, 1984 and February 14, 1986, each have a term of ninety - nine years with a provision for renegotiation every five years. The first five year term for all the leases has expired and renegotiation has not been finalized. Rates currently in place amount to an annual rental of $61,383,300, (1991 - $61,443,300).

**NOTE 2:** The Appropriation Act, 1991 authorizes the Government to commit to expenditures up to an amount not exceeding $450,000,000 for the purpose of ensuring completion of projects or fulfilling contracts initiated prior to March 31, 1992. Any expenditures so committed must be included in the estimates of the fiscal year in which the expenditure is to be made. Accordingly, the Departmental commitments shown relate to long term on-going contracts covering the acquisition and/or rental of Capital Assets.

Payments authorized by the "Legislative Assembly Act" relate to the second and third sessions of the Thirty-Fifth Legislature. Amounts shown as "Expenses" are those amounts paid directly to the members and do not include those amounts paid directly to the supplier or through somebody else on the member's behalf. Similarly, the "reimbursement of expenses" shown for the Premier and Ministers and for the Opposition Leaders does not include the costs associated with the assignment of a Government vehicle to these individuals. Nor does it include the payment of the optional car allowance in lieu of an assigned vehicle to those members who have chosen that option.

Included as an "Indemnity" are the following additional allowances paid to Members of the Legislature pursant to Section 53(2) of the "Legislative Assembly Act".

## MANAGEMENT REPORT

The accompanying financial statements are the responsibility of management and have been prepared in accordance with the accounting policies stated in the financial statements. These accounting policies have been applied on a basis consistent with the prior year. In management's opinion, the financial statements have been properly prepared within reasonable limits of materiality, incorporating management's best judgement regarding necessary estimates and all other data available.

Management maintains internal controls to provide reasonable assurance that the financial information is reliable and accurate and that the assets of the Bureau are properly safeguarded. Staff of the Provincial Auditor's Office review internal controls and report their findings to management.

The responsibility of the Provincial Auditor and his staff is to express an independent, professional opinion on whether the financial statements are fairly presented in accordance with the accounting policies stated in the financial statements. The Auditor's Report outlines the scope of the audit examination and provides the audit opinion.

## THE MANITOBA TEXT BOOK BUREAU

## AUDITOR'S REPORT

To the Legislative Assembly of Manitoba

We have audited the balance sheet of The Manitoba Text Book Bureau as at March 31, 1992 and the income statement for the year then ended. These financial statements are the responsibility of the Bureau's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards. Those standards require that we plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In our opinion, these financial statements present fairly, in all material respects, the financial position of the Bureau as at March 31, 1992 and the results of its operations for the year then ended in accordance with the accounting policies described in note 2 to the financial statements.

## Notes to the Financial Statements

for the year ended March 31, 1992

1. Nature of Operations

The Manitoba Text Book Bureau, a branch of the Department of Education and Training, was established under section 9(1) of the Education Administration Act to administer procurement and delivery of print and non-print instructional materials to public and private schools in Manitoba.

2. Accounting Policies

a) The Bureau's financial statements are prepared on an accrual basis.

b) Capital asset acquisitions are reflected as expenses in the year of acquisition.

c) Inventory is valued at the average cost of acquisition with a provision for obsolescence for books in declining demand.

d) Property costs and employee benefits including pension costs are paid out of other appropriations of the Government of the Province of Manitoba and are not reflected in these financial statements.

3. Grant Payments

For accountability purposes, the Bureau reimburses certain school divisions for purchases of eligible instructional material and is repaid from Department of Education Curricula Materials grants. These transactions amounting to $894,810 (1991 - $776,473) are not included in these financial statements. The Bureau does not charge for this service.

## AUDITOR'S REPORT

To the Legislative Assembly of Manitoba

We have audited the balance sheet of the Specific Purpose Funds Account of the Northern Affairs Fund as at March 31, 1992 and the statement of transactions for the year then ended. We have also audited the balance sheet of the Taxation Account as at March 31, 1992 and the statement of revenue and expenditure and the statement of surplus for the year then ended. These financial statements are the responsibility of the Fund's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards. Those standards require that we plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In our opinion, these Specific Purpose Funds Account and Taxation Account financial statements present fairly, in all material respects, the financial position of the Fund as at March 31, 1992 and the results of operations for the year then ended in accordance with the accounting policies stated in note 2 to the financial statements.

## Notes to the Financial Statements

for the year ended March 31, 1992

1. The Fund carries out the following programs:

   i) It operates the Specific Purpose Funds Account to provide financial services to Community Councils in Northern Areas of Manitoba governed by the Northern Affairs Act;

   ii) It levies property and business taxes based on real property assessments and remits the tax requirements to School Divisions and The Public Schools Finance Board. Taxes collected for local purposes in the communities are remitted to the Community Councils when collected;

   The Fund accounts for each of these programs separately.

2. The significant accounting policies of the Fund are as follows:

   a) Specific Purpose Funds Account

   The Specific Purpose Funds Account operates on a cash basis of accounting modified as follows:

   Revenue includes amounts received after the fiscal year end, if paid from the Government of the Province of Manitoba appropriations for the fiscal year then ended.

   Expenditure includes payments made after the fiscal year end, if funded with revenue for the fiscal year then ended.

   b) Taxation Account

   The Taxation Account operates on the accrual basis of accounting and, in accordance with procedures followed by municipal entities in the Province, recognizes taxation revenue and expenditure on the calendar year basis.

c) **Services Provided by the Government of the Province of Manitoba**

The cost of services provided by the Government of the Province of Manitoba as outlined in Note 5 are not reflected in these financial statements.

3. Cash of $100,000 is retained in the Taxation Account to cover current needs. Cash in excess of $100,000 is transferred to the Government of the Province of Manitoba as a contribution to costs incurred by the Province to provide services in remote areas which do not have a local government to provide these services.

4. Grants in lieu of taxes and grants in lieu of taxes added were derived from the following sources:

| | 1992 | 1991 |
|---|---|---|
| Government of the Province of Manitoba | $ 116,465 | $ 121,687 |
| Government of the Province of Manitoba Agencies | 145,148 | 226,319 |
| Government of Canada | 44,266 | 71,518 |
| Government of Canada Agencies | 125,761 | 106,639 |
| | $ 431,640 | $ 526,163 |

5. The Department of Northern Affairs provides administrative services at no charge to the Fund. The Department estimates the cost of these services to be $123,800 (1991 - $108,700) for the fiscal year ended March 31, 1992.

6. Taxes and grants in lieu of taxes receivable include:

| | 1992 | 1991 |
|---|---|---|
| Grants in lieu: | | |
| Government of the Province of Manitoba and Agencies | $ 1,841 | $ 67,159 |

# FISCAL STABILIZATION FUND
# MANAGEMENT REPORT

The accompanying financial statements are the responsibility of the management of the Department of Finance and have been prepared in accordance with the accounting policies stated in the financial statements. These accounting policies have been applied on a basis consistent with that of the preceding year. In management's opinion, the financial statements have been properly prepared within reasonable limits of materiality, incorporating management's best judgement regarding all necessary estimates and all other data available up to August 5, 1992.

Management maintains internal control to provide reasonable assurance of the financial information and to properly safeguard assets of the Fund.

The responsibility of the Provincial Auditor is to express and independent, professional opinion on whether the financial statements are fairly presented in accordance with the accounting polices stated in the financial statements. The Auditor's Report outlines the scope of the audit examination and provides the audit opinion.

On behalf of Management

Deputy Minister of Finance

# FISCAL STABILIZATION FUND
# AUDITOR'S REPORT

To the Legislative Assembly of Manitoba

We have audited the statement of financial position of the Fiscal Stabilization Fund as at March 31, 1992 and the statement of revenue and expenditure and fund balance for the year then ended. These financial statements are the responsibility of the Fund's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards. Those standards require that we plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

The preferred shares of Repap Enterprises Inc., included in the statement of financial position at $77,638,700, are recorded at their future potential redemption value, as set out in note 3. The unrealized recovery from the future redemption of the preferred shares of Repap Enterprises Inc. recognizes that realization of these shares is dependent on the future profitability of Manfor Ltd., or its successor, and other conditions being fulfilled, well into the future. To the extent that these preferred shares are subject to realization through future redemption, these shares are not an asset of the kind that can be used at March 31, 1992 to fund program expenditure to assist in stabilizing the financial position of the Government.

In our opinion, except for the matter described in the preceding paragraph, these financial statements present fairly, in all material respects, the financial position of the Fiscal Stabilization Fund as at March 31, 1992 and the results of its operations for the year then ended in accordance with the accounting policies stated in note 2 to the financial statements applied on a basis consistent with that of the preceding year.

# FISCAL STABILIZATION FUND
# NOTES TO THE FINANCIAL STATEMENTS
# FOR THE YEAR ENDED MARCH 31, 1992

## 1. Incorporation and Function

The Fiscal Stabilization Fund was established at March 31, 1989 under the authority of The Fiscal Stabilization Fund Act, which received Royal Assent on December 13, 1989. The purpose of the Fund is to assist in stabilizing the fiscal position of the Government from year to year and to improve long-term fiscal planning. Under the provisions of the Act, the Government may deposit in the Fund any part of the revenue or other financial assets received in the Consolidated Fund in any fiscal year and shall credit to the Stabilization Fund any earnings from investment of the Stabilization Fund. All or part of the Fund balance can be transferred to the Consolidated Fund in accordance with the provisions of the Act.

## 2. Significant Accounting Policies

a) The Fund's financial statements have been prepared using the accrual basis of accounting.
b) The valuation of the investment in the preferred shares of Repap Enterprises Inc. is based on the potential redemption value per the Share Purchase Agreement, as set out in Note 3.
c) The unrealized recovery from future redemption of preferred shares of Repap Enterprises Inc. is established as an equal and offsetting amount to the valuation of the preferred shares in Repap Enterprises Inc.

## 3. Share Purchase Agreement

On May 4, 1989, the Government of the Province of Manitoba entered into a Share Purchase Agreement with Repap Pulp & Paper Inc. Under terms of the Agreement, the Government disposed of its interest in Manfor Ltd. to Repap Pulp & Paper Inc. for preferred shares in Repap Enterprises Inc. These shares were transferred to and recorded in the Fiscal Stabilization Fund as at March 31, 1990 at $77,638,700. The shares consist of 316,397 Series D Preferred Shares and 900,000 Series E Preferred Shares, each with a redemption price of $100. Repap Pulp & Paper Inc. has the right to re-acquire up to 450,000 of the Series E shares for $2.22 per share as a development incentive. The valuation of $77,638,700 reflects 316,397 Series D shares at $100, 450,000 Series E shares at $100 and 450,000 Series E shares at $2.22. Such realization through the redemption of these shares is dependent upon the occurrence of future events. Accordingly, the worth of these shares is not presently determinable. Consequently, an equal and offsetting entry in the amount of $77,638,700 is recorded as an unrealized recovery from future redemption of preferred shares of Repap Enterprises Inc.

The investment in Manfor Ltd. previously had been carried in the Government's Consolidated Fund at a nominal book value of $1 as the result of a valuation allowance applied against the investment. Recognition of revenue from the Repap Enterprises Inc. shares will be deferred until cash is received from the redemption of these shares. The unrealized recovery from redemption of Repap Enterprises Inc. shares account will be decreased and Fund balance account increased as cash is received from future redemptions. The redemption realization of these shares is dependent on future profitable operations of Manfor Ltd., or its successor, after May 1, 1989 and other conditions being fulfilled, the more significant of which are set out in Note 4.

## 4. Redemption of Shares

Under terms of the May 4, 1989 Share Purchase Agreement between the Government of the Province of Manitoba and Repap Pulp & Paper Inc., Repap Pulp & Paper Inc. may redeem the Series D and E Preferred Shares of Repap Enterprises Inc. The redemption is dependent on earnings of Manfor Ltd., or its successor, after May 1, 1989. Redemption of the Series D shares may occur over a period of five consecutive years commencing the later of December 31, 1994 or December 31 of the year in which the long-term debt for construction of Phases I and II of the plant redevelopment is reduced to 50% or less of the original amount. The timing of redemption is also related to issuance of environmental permits for Phase I by June 30, 1989. Delays beyond that date correspondingly extend commencement and completion dates of both Phases I and II and, accordingly, the redemption dates. The environmental permits related to Phase I were issued January 26, 1990. Redemption of the Series E shares may commence once all the Series D shares have been redeemed and may occur over a period of ten consecutive years.

# INTRODUCTION TO THE PUBLIC ACCOUNTS OF MANITOBA

The Public Accounts of the Province of Manitoba are prepared by statutory requirement, in accordance with the Financial Administration Act, which is Chapter F55 of the Continuing Consolidation of the Statutes of Manitoba. The Public Accounts for the fiscal year ended March 31, 1992 consists of three volumes:

**VOLUME 1** contains the Financial Statements of the Consolidated Fund of the Province and schedules of supporting information.

**VOLUME 2** is a supplementary volume which contains further details of the expenditures by standard expenditure object codes. It also provides details of the salaries and wages paid to employees as well as payments to corporations, firms, individuals, other Governments and Government Agencies.

**VOLUME 3** contains the Summary Financial Statements of the Province. These statements reflect the consolidation of the financial operations of all organizations integral to the overall operations of Government in performing its executive function.

## CONTENTS OF VOLUME 2 - SUPPLEMENTARY INFORMATION

a) **Salaries and Wages in Excess of $25,000**

(i) This statement list employees who received salaries or wages in excess of $25,000 during the fiscal year. Amounts reported will include remoteness allowance, shift and overtime premiums, separation and severance pay, and any other entitlement authorized in the collective agreement or regulations, where these items are applicable to the employee listed.

(ii) Employees are listed under the Department/Appropriation that is indicated as the source of funds for the employer's position as at March 31st even though the employee may have been located under other Department(s) and/or location(s) during the year.

b) **Statement of Cash Payments to Corporations, Firms, Individuals, Other Governments and Government Agencies**

(i) This statement lists, in alphabetical order within Department, each payee whose total payments by that individual Department exceeded $5,000 during the fiscal year. Payments are presented on a gross basis to show all amounts disbursed for purchase of goods and services, investment and loan transactions, grant payments and refunds as well as payments from amounts held in trust on behalf of others.

(ii) Payments made to suppliers in the United States are presented in U.S. dollars.

(iii) Payments in other foreign currencies are shown in the Canadian Dollar Equivalent at the time of payment.

(iv) The location of the payee is shown except where payment was made to an address in Winnipeg or where the location is implicit in the name of the Payee.

c) **Detailed Statement of Cash Payments From Departmental Appropriations**

(i) This statement reports actual expenditures from each departmental appropriation on the basis of the standard expenditure object code classification.

(ii) Object code expenditures are presented on a gross basis to show all amounts disbursed. Recoveries into appropriations and transfers to capital are shown separately to disclose their net effect on the total expenditure of the Department.

(iii) Expenditures are shown at the main appropriation level. More detailed information is available from the Department of Finance.
